

Consociate Spirit Statement

Stimulated by the Holy Spirit, we move in communion with the Sisters of St. Joseph and Consociates toward profound love of God and neighbor without distinction.

We are firebuilders, inspiring and supporting one another to bring forth our gifts. The source of our flame is the everlasting love of God.

We are peacemakers engaged in a troubled world, confronting unjust systems of power. Although we are challenged and tested, we seek to be authentic, vulnerable, grateful, and hopeful persons.

We are co-creators of a loving community of courageous leaders and collaborators. We commit to living the prophetic mission of the Sisters of St. Joseph and embrace the challenges of living right relationships.

With sincere prayer, we call on Holy Wisdom to guide our every step.
